**ACCUTEMP® FACTORY-
AUTHORIZED MECHANICAL
STARTUP PROGRAM
CONTINENTAL US ONLY**

- This program provides a review of the installation and setup as outlined in the start-up/warranty registration form for the type and model of equipment installed.
- A purchase order must be provided with contact information to AccuTemp before mechanical startup will be scheduled.
- AccuTemp will issue a work order to the authorized service provider for the scope of work to be provided.
- The authorized service provider will contact the contact person provided to set up the appointment for the mechanical startup verification.
- AccuTemp will follow up with the service provider and the owner/operator to assure the start-up verification is complete.
- Mechanical start-ups will be scheduled and provided during weekdays and during normal business hours from 8:00 am to 4:00 pm.
- Labor and/or parts required to correct the installation are beyond the scope of this program and any expense incurred is the responsibility of the dealer or the owner/operator.
- In the event the equipment isn't ready for the mechanical startup, and the scheduled appointment is not cancelled 24 hours in advance, the cost of travel will be billed to the dealer or the owner/operator. The owner/operator will be responsible to set up a follow-up appointment.
- Cost of Travel beyond 100 miles or two hours round trip from the nearest AccuTemp service provider will be the responsibility of the dealer or the owner/operator. The additional cost of mileage and travel time will be billed accordingly.
