

Product Confidence Program

FOH® is a global foodservice and hospitality innovator that includes brands Front of the House® and room360®. Designed in Miami and distributed worldwide, we take pride in creating smart, trend-forward, commercial-grade products that are in stock and ready to ship.

As the designer and manufacturer, we are confident that our products will meet your highest expectations.

We are proud of our manufacturing capabilities and believe we only offer products that exceed stringent quality standards.

We are pleased to offer a Product Confidence Program designed to take the worry out of your purchase. Our Product Confidence Program lets you know our commitment to quality is top notch. If you experience a problem with one of our items under normal conditions*, please contact your local sales representative or a FOH® Customer Service Specialist. We reserve the right to examine claims to determine if performance issues are from misuse or manufacturing defect. Should we determine a manufacturing defect, we replace the pieces at no charge.

* Definition of normal conditions includes following use and care instructions provided and storing items in conditioned spaces free from outside climate conditions. This assurance does not apply when due to negligence, mishandling, abuse or inappropriate of the product.
