

# DOUBLE MILO<sup>®</sup>

## TWO OVENS, ONE LIMITED FOOTPRINT

Grill, roast, bake, steam, broil, or air fry in the independently controlled cavities that use decoupled air, Infrared (IR), and active venting for a difference you can see and taste

### CAPACITY

Two independently controlled oven cavities for increased efficiency and up to two times the throughput, fitting up to 16" pizza or 1/2 sheet pan per cavity

### VENTLESS OVEN

Certified for ventless operation, offering flexibility that saves you space and money on installation

### USB PORT

- USB loading capabilities
- Holds up to 1,000 recipes per cavity
- Cook logs and self-diagnostics
- Use the Recipe Finder to create custom recipes or select from 300+ recipes

### EASY TO CLEAN DESIGN:

- Filters are dishwasher safe
- Crumb and grease trays are removable
- Jet plates tilt for easy cleaning

### TOUCH SCREEN

Full-color touch screens make operation easy and intuitive for even first-time users
