1 REDUCE COSTS

- Stainless steel construction povides durability for longer equipment life.
- Forced-air system eliminates the need for weekly defrosting- saving time & money.
- A reinforced cabinet exterior bottom and heavy-duty dunnage racks provide additional protection from daily wear & tear.

2 SAVE LABOR

- Easy-to-remove, top-mounted system reduces downtime for routine maintenance.
- Factory-installed casters on adjustable caster rails simplify installation, cleaning, & maintenance.
- Floor drain with plug allows for faster, easier cleaning.

3 SUPPORT SERVING-LINE DESIGN

- Low entry point into the cabinet provides easy access to all & keeps the serving line flowing smoothly.
- Forced-air design keeps contents at safe, consistent temperatures throughout the cabinet.
