Actual Colors May Vary

The colors above were matched to the actual product colors and finishes in bright daylight. Discrepancies between paper and metal may cause slight variances. Duke will do everything in our power to assure consistency and accuracy.

For actual finish samples, please contact Duke's St. Louis office by calling 1-800-735-3853.

Lead Times

Lead times may vary by color or finish based on availability. Duke recommends matte finish; single color; and non-textured laminates for shortest lead times.
